

# Advanced Containerlogistics.

Solutions that work.  
For your business.

**Discover the world  
with IMS!**

With our new block train from Koper to Salzburg and Enns, we connect a fast growing Port with the most popular terminals in Austria.

So make your choice  
and discover the world  
with IMS!

## Koper - a fast growing Port

Koper is a fast growing Port and especially for Austria and the south of Germany an important Hub for the Middle and Far East region.

We connect the Terminals Salzburg and Enns with this major Port twice a week.

### **Inbound:**

WED -> THU

FRI -> MON

### **Outbound:**

TUE->WED

FRI -> SAT

## Reduce the Co<sub>2</sub>-emissions

Using our high-frequency train systems will help our environment to keep green. For the last mile per truck we use only EURO V or EURO VI trucks.

## Set the focus on your customer needs

With IMS as your One-Stop-Shop you can deliver optimized Business Solutions to your customers. Save time, money and effort!

## One Train, many destinations, 2 times a week

The block train will connect the Austrian Containerterminals Salzburg and Enns 2 times a week with the Deep Sea Port of Koper.

The transit time is A/B to fit the need of the container market. The night shift assures a smooth and fast change to all other destinations.
